## Independent Auditor's Report

To the Board of Participating Communities  
Des Moines Metropolitan Wastewater Reclamation Authority  
Des Moines, Iowa

We have audited the accompanying basic financial statements of the Des Moines Metropolitan Wastewater Reclamation Authority (WRA) as of and for the years ended June 30, 2006 and 2005, as listed in the table of contents. These financial statements are the responsibility of the WRA's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Des Moines Metropolitan Wastewater Reclamation Authority as of June 30, 2006 and 2005, and the changes in its financial position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2006, on our consideration of the WRA's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

The management's discussion and analysis on pages 3 through 6 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

*McGladrey & Pullen, LLP*

# DES MOINES METROPOLITAN WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

The management of the Wastewater Reclamation Authority (WRA) is pleased to offer readers of the WRA's financial statements this narrative overview and analysis of the financial position and activities of the WRA as of and for the fiscal years ended June 30, 2006 and 2005. Fiscal year 2005 was the first year of operation under the Amended and Restated 28E Agreement.

### **Overview of the WRA**

On July 1, 2004, the Wastewater Reclamation Authority reorganized under a new 28E agreement to be a legal entity that is separate from the member communities and governed by its own Board. Founded in 1979, under a 28E agreement between the eight cities, two sanitary sewer districts, and two counties, the WRA operated under the Integrated Community Area (ICA) Agreement. A regional treatment plant and conveyance system to nine members of the ICA was constructed between 1982 and 1994 with a plan of operating through 2005. Reorganization enabled consideration of change in the conveyance system and additions to the treatment plant that will allow the remaining members to connect to the WRA System.

Participants in the WRA include the cities of Des Moines, West Des Moines, Clive, Altoona, Ankeny, Bondurant, Johnston, Pleasant Hill, Norwalk, Cumming and Waukee; the Urbandale Sanitary Sewer District, Urbandale-Windsor Heights Sanitary District, Greenfield Plaza/Hills of Coventry Sanitary District, Polk County and Warren County in the state of Iowa.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the WRA's basic financial statements. The WRA's basic financial statements comprise two components: 1) basic financial information and 2) notes to the financial statements.

### **Basic financial statements**

The basic financial statements are designed to provide readers with a broad overview of the WRA's finances in a manner similar to a private-sector business. The basic financial statements are prepared using the same basis of accounting as private-sector business enterprises. Under this method of accounting, an economic resources measurement focus and an accrual basis of accounting is used. Revenue is recorded when earned and expenses are recorded when incurred. The basic financial statements include a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows, followed by notes to the financial statements.

The statement of net assets presents information on all the WRA's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the WRA is improving or deteriorating.

The statement of revenues, expenses and changes in net assets reports the operating revenues and expenses and non-operating revenues and expenses of the WRA for the fiscal year which determines the change in net assets for the fiscal year.

The statement of cash flows reports cash and cash equivalents for the fiscal year resulting from operating activities, capital and related financing activities, investing activities, and non-cash activities.

DES MOINES METROPOLITAN  
WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

The basic financial statements include only the WRA. There are no other organizations or agencies whose financial statements should be combined and presented with the financial statements of the WRA. The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

**Financial highlights**

Assets exceeded liabilities (net assets) by \$244,451,069 and \$235,083,335 as of June 30, 2006 and 2005, respectively. At June 30, 2006 and 2005, the WRA showed \$9,135,188 and \$11,220,347, respectively, as unrestricted assets, which were available to meet current and future obligations of the WRA. The net investment in capital assets decreased in 2005 when the WRA assumed debt and increased in 2006 to \$209,419,431.

During the year ended June 30, 2006 and 2005, the WRA's cash provided by operating activities was \$14,512,063 and \$14,156,934, respectively.

**Government-Wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. At the end of the current fiscal year, the WRA is able to report positive balances in all categories of net assets. The same situation held true for the prior fiscal year. In 2006, the WRA's net assets increased \$9,367,734 from 2005.

	<b>Table 1</b>		
	2006	2005	2004
Assets			
Current and other assets	\$ 74,361,511	\$ 94,043,589	\$ 27,609,392
Capital assets	281,742,698	256,487,369	244,910,219
Total assets	<u>356,104,209</u>	<u>350,530,958</u>	<u>272,519,611</u>
Liabilities			
Current liabilities	12,057,680	10,558,469	3,848,903
Non-current liabilities	99,595,460	104,889,154	3,598,313
Total liabilities	<u>111,653,140</u>	<u>115,447,623</u>	<u>7,447,216</u>
Net assets			
Invested in capital assets, net	209,419,431	199,013,986	244,910,219
Restricted assets	25,896,450	24,849,002	15,533,335
Unrestricted assets	9,135,188	11,220,347	4,628,841
Total net assets	<u>\$ 244,451,069</u>	<u>\$ 235,083,335</u>	<u>\$ 265,072,395</u>

The increase in net assets during the year ended June 30, 2006, is the result of cash collected for capital assets and debt servicing. During the year ended June 30, 2005, net assets decreased (\$29,989,060) as a result of reducing a cash balance formerly reserved by management for construction projects and issuance of debt as part of the reorganization.

DES MOINES METROPOLITAN  
WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

Highlights of the WRA's revenues and expenses for the years ended June 30, 2006 and 2005 are below:

**Table 2**

	<u>2006</u>	<u>2005</u>
Operating Revenues:		
Charges for sales and services	\$ 28,075,966	\$ 30,186,283
Operating Expenses:		
Cost of sales and services	13,270,530	12,390,884
Depreciation	7,061,109	6,978,868
Total operating expenses	<u>20,331,639</u>	<u>19,369,752</u>
Operating Income	<u>7,744,327</u>	<u>10,816,531</u>
Nonoperating Revenues (Expenses):		
Investment earnings	3,070,738	1,836,345
Gain (loss) on disposal of capital assets	(59,040)	7,327
Donations and contributions	1,026	36,750
Interest expense	(3,412,645)	(3,053,407)
Other	283,568	186,445
Nonoperating (loss)	<u>(116,353)</u>	<u>(986,540)</u>
Capital grants and contributions	<u>1,739,760</u>	<u>-</u>
Special Items	<u>-</u>	<u>(39,819,051)</u>
Change in net assets	<u>\$ 9,367,734</u>	<u>\$ (29,989,060)</u>

Total revenues were \$33,171,058 and total expenses were \$23,803,324 for the year ended June 30, 2006. Total revenues were \$38,848,560 and total expenses were \$68,837,620 for the year ended June 30, 2005. The WRA's net operating income was \$7,744,327 for the year ended June 30, 2006 and \$10,816,531 for the year ended June 30, 2005.

The WRA receives contributions from the member communities for debt servicing, capital and operations. The total received from the communities during the year ended June 30, 2006 and 2005 was \$24,904,712 and \$27,282,581, respectively.

**Capital Assets**

Capital assets increased by \$25,118,576 in 2006 and by \$11,577,150 in 2005. A bond issue provided funds for a long-term commitment to system construction. Capital projects are planned to increase the capacity of both the wastewater facility and the conveyance system to accommodate the anticipated population growth in the metro area and extend connections to Ankeny, Altoona, Bondurant, Norwalk, Cumming, and Waukee. Concentration on the capital improvements and expansion planned through the year 2020 will allow the WRA to continue its mission of protecting the public health and enhancing the environment by recycling wastewater and being the preferred treatment facility for hauled liquid waste.

DES MOINES METROPOLITAN  
WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

**Long-term Debt**

In October 2004, the WRA authorized \$26,850,000 of sewer revenue bonds, Series 2004A, and \$66,830,000 on sewer revenue bonds, Series 2004B. The proceeds of the Series 2004A bonds were used to acquire from the City of Des Moines the Wastewater Reclamation Facility (WRF) located at 3000 Vandalia Road, Des Moines, Iowa, and also to acquire all existing WRA sanitary sewer conveyance facilities, and all rights comprised of or used as part of the WRA System. The proceeds of the Series 2004B bonds are to be used for constructing improvements or additions to the WRA System and paying project costs. Revenue bonds payable at June 30, 2006 were \$99,684,000 and at June 30, 2005 were \$103,902,000.

**Economic Factors**

Interest rates have fluctuated during the past years. Investment earnings were \$3,070,738 and \$1,836,345 for the years ended June 30, 2006 and 2005, respectively. The increased earnings is due to investment of unspent bond proceeds.

Users of the WRA Facility consist of the regional communities including waste haulers and industries based in those communities. The WRA will not impose sewer rates and charges. The communities will continue to provide revenue to the WRA.

**Request for Information**

These financial statements and discussions are designed to provide interested user a complete disclosure of the WRA's finances. If you have questions about this report contact Allen McKinley, 401 Robert D. Ray Drive, Des Moines, Iowa 50309.

# DES MOINES METROPOLITAN WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

## Notes to Financial Statements

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND RELATED MATTERS

*General* - The Des Moines Metropolitan Wastewater Reclamation Authority (WRA) is a separate legal entity with its own Board. A joint venture was formed in 1979 in accordance with the provisions of Chapter 28E of the Code of Iowa. On July 1, 2004, a new 28E was adopted which amended and restated the previous agreement and set forth provisions to carry the WRA beyond 2005. The WRA has been established for the purposes of planning, constructing, operating, and managing regional sanitary sewer facilities. On June 21, 2005, a supplement to the WRA agreement admitted the city of Cumming as a participating community effective July 1, 2006. On December 20, 2005, a second supplement was adopted to admit the city of Waukee. Waukee will be a non-voting member until July 1, 2007, but participates financially.

The WRA contains the following entities: the Iowa cities of Altoona, Ankeny, Bondurant, Clive, Cumming, Des Moines, Johnston, Norwalk, Pleasant Hill, Urbandale, West Des Moines, Waukee, and Windsor Heights; Urbandale Sanitary Sewer District; Urbandale-Windsor Heights Sanitary District, Greenfield Plaza/Hills of Coventry Sanitary District; Polk County; and Warren County, (collectively referred to as the "participating communities"). Each participating community has one representative on the Board and additional representatives for each 25,000 population.

In accordance with the new 28E, the City of Des Moines has been designated the "operating contractor". As operating contractor, the City of Des Moines operates, maintains and manages the Wastewater Reclamation Facility and the WRA System.

The amended and restated 28E agreement sets forth a schedule for sewer improvements and construction which provides for all of the participating communities connection to the WRF at 3000 Vandalia. The WRA Board has approved additional 28E agreements to expedite construction for specific phases of the scheduled improvements in which a participating community can finance the construction ahead of schedule and wait for reimbursement from the WRA bonding schedule.

*Reporting Entity* – Accounting principles, generally accepted in the United States of America require that the financial reporting entity include (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The WRA is considered to be a primary government and there are no other organizations, agencies, boards, commissions or authorities which are required to be included in the financial reporting entity of WRA.

*Basis of Presentation* - The economic resources measurement focus and the accrual basis of accounting are used by the WRA. Under this basis of accounting, all assets and all liabilities associated with the operation of the WRA are included on the statement of net assets. Revenues are recorded when earned which is when service is provided and expenses are recorded at the time liabilities are incurred. Annually, the WRA charges the participating communities for operations including maintenance and debt service in accordance with the amended and restated 28E agreement, primarily based on budgeted wastewater reclamation facility flows.

DES MOINES METROPOLITAN  
WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

*Operating and non-operating revenues and expenses*—Operating revenues result from exchange transactions of the WRA and charges to participating communities. Non-operating revenues result from non-exchange transactions such as investment earnings. Expenses associated with operating the WRA and providing services are considered operating.

*Cash and Pooled Cash Investments* - The WRA maintains deposits with the City of Des Moines as the operating contractor, which invests these deposits on a short-term basis. The City of Des Moines allocates investment income to the WRA based upon the City of Des Moines' rate of return on pooled cash investments and WRA's average monthly deposits balance. All deposits are covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

*Investments* - The operating contractor purchases investments on behalf of the WRA. The investments consist of U.S. Government Securities and are shown at fair value. Securities traded on the national or international exchange are valued at the last reported sales price at current exchange rates. The investments are unregistered and uninsured; they are held by the counterparty's trust department or their agent in the name of the WRA.

*GASB Pronouncement* – The WRA has elected to apply all GASB pronouncements, Statements and Interpretations of the Financial Accounting Standards Board (FASB), Accounting Principles Board (APB) Opinions, and Accounting Research Bulletins (ARBs) of the Committee on Accounting Procedure issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

*Accounts Receivable* - The WRA accrues unbilled revenues from commercial customers for industrial pretreatment services based upon services rendered subsequent to the last billing date prior to year-end. An allowance for doubtful accounts was not considered necessary at June 30, 2006 or 2005.

*Restricted Assets* - Restricted assets represent required reserve funds as established by the debt agreement.

*Capital Assets* - Land, plant, and sewer systems are stated at cost. Depreciation has been provided using the straight-line method over the estimated useful lives of 3-50 years. The cost of repairs and maintenance is charged to expense when incurred. The cost of renewals or substantial improvements in excess of \$5,000 is capitalized. The cost and accumulated depreciation of assets disposed are deleted, with any gain or loss recorded in current operations. Interest cost associated with constructing of capital assets is capitalized when significant to the WRA. For fiscal years 2006 and 2005, \$1,372,037 and \$310,256 of interest costs were capitalized.

*Net Assets* – Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by any outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets.

# DES MOINES METROPOLITAN WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

Net assets invested in capital assets, net of related debt, excludes unspent bond proceeds. Unspent bond proceeds as of June 30, 2006 and 2005 were \$30,795,007 and \$50,083,684 respectively. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The WRA applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

*Use of Estimates* – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the financial statements and accompanying notes. Actual results may differ from those estimates.

*Compensated Absences* - Employees working for the WRA are employees of the City of Des Moines, the Operating Contractor but wages and benefits are paid by the WRA. Employee benefits are therefore provided under policies of the City of Des Moines. Under these policies, employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. If paid upon death or retirement, the total accumulated hours are paid at one-half of the then effective hourly rate for that employee, with a maximum of 750 hours per employee. These accumulations are recorded as expenses and liabilities in the fiscal year earned.

Employees working for the WRA also participate in the City of Des Moines' deferred compensation plan. The plan permits employees to defer a portion of their salary until future years. Under the terms of the plan, the WRA makes contributions to the plan equal to the employees' contributions; up to 4 percent for the employees referred to as supervisory, professional, and management (SPM); and up to 2 percent for the employees of the Municipal Employee's Association (MEA) and the Central Iowa Public Employee's Council (CIPEC). In 2006 and 2005, the WRA contributed \$93,600 and \$90,300, respectively, to the plan.

*Due to Other Governments* – A liability is recorded in the statement of net assets for amounts due to participating communities for sewer design and construction that arise from an expedited 28E agreement approved by the WRA. The payment will be made from future bond proceeds.

*Long-Term Obligations* – Long-term debt is recorded as a liability in the statement of net assets. Bond premiums, discounts, and issuance costs are deferred and amortized over the life of the bonds using the effective interest method.

## **2. RELATED PARTY TRANSACTIONS**

The WRA shares certain expenses with the City of Des Moines, which are allocated to the City of Des Moines in accordance with the provisions of the operating contract. During the years ended June 30, 2006 and 2005, shared expenses relating to pumping stations maintenance and administrative charges of \$1,010,500 and \$977,700, respectively, were allocated to the City of Des Moines from the WRA. In addition, the WRA paid wages and employee benefit costs of approximately \$7,149,500, and \$6,744,100 in 2006 and 2005, for City of Des Moines employees working for the WRA system.

On July 1, 2004, the WRA adopted a new 28E agreement, which amended and restated the previous Integrated Community Area agreement. The new agreement creates an independent governance structure, establishes an independent bonding authority, and provides a framework for additional communities to participate. Reserves were established and amounts collected from the participating communities based on budgeted flows. If actual expenses for operation and maintenance of the WRA system facilities for any year differ from the budgeted amount, the difference between the actual and budgeted amount shall be credited or charged to future budgets. The amount due to other governmental units at June 30, 2005 was applied to the budget allocation during the year ended June 30, 2006.

DES MOINES METROPOLITAN  
WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

The amount due to other governmental units at June 30, 2006 relates to commitments and 28E agreements that expedite sewer construction scheduled for future bond issues. Of the long term amount of \$355,418, \$320,672 will be partially funded with a bond issue in fiscal year 2007 and with proceeds from a future bond issue scheduled no sooner than January 1<sup>st</sup>, 2010. The balance of the long term liability of \$34,746 will settle with proceeds from a future bond issue schedule no sooner than January 1<sup>st</sup>, 2008.

As a result of the amended and restated 28E agreement, the WRA issued Series 2004A to advance refund the City of Des Moines, Iowa's sewer revenue refunding bonds Series 1997C and 2002D and the state revolving loans SRF2 and SRF3. Proceeds of \$31,714,461 were placed into an irrevocable trust and the liability was removed from the City of Des Moines, Iowa's financial statements. State revolving loans SRF4, SRF6, and SRF7 with a balance of \$14,700,000 on July 1, 2004, were reassigned from the City of Des Moines, Iowa to the WRA. The City of Des Moines, Iowa contributed cash and investments \$6,595,410 to the WRA from debt reserves the City had on-hand to service the advance refunded debt. These transactions are reported as special items in 2005 since the transactions were within the control of management.

The Series 2004A bonds of \$26,850,000 require principal payments each June 1<sup>st</sup> through 2012 and bear interest rates of 3-5%. The WRA issued \$66,830,000 Series 2004B for construction projects. The Series 2004B bonds require principal payments each June 1<sup>st</sup> through 2034 and bear interest rates of 3-5%.

The revenue bonds require that monies be deposited into various restricted reserve accounts and that these deposits be used only for the payment of principal and interest on the related bonds when due or for other purposes as set forth in the bond agreement. The deposits in these restricted reserve accounts total \$25,896,450 and \$24,849,002 as of June 30, 2006 and 2005.

The state revolving loans require the WRA to produce and maintain net revenues at a level not less than 110% of the amount of principal and interest on the revenue bonds.

The outstanding revenue bonds mature as follows:

<b>Year</b>	<b>Principal</b>	<b>Interest</b>
2007	5,395,000	4,581,101
2008	5,594,000	4,382,451
2009	5,758,000	4,141,826
2010	5,985,000	3,894,345
2011	5,599,000	3,636,997
2012-2016	15,825,000	15,523,231
2017-2021	10,163,000	12,892,181
2022-2026	14,400,000	9,948,250
2027-2031	18,055,000	5,995,550
2032-2034	12,910,000	1,300,775
	<u>99,684,000</u>	<u>66,296,707</u>

**5. DEPOSITS AND INVESTMENTS**

As of June 30, 2006 and 2005, the WRA had the following investments and maturities:

<u>2006</u> Security Description	Current Market Value	Investment Maturities (in Years)			
		Less than One	1-2	3-5	More than Five
FHLB total	\$ 12,316,377	\$ 12,316,377	\$ -	\$ -	\$ -
FNMA total	9,898,198	9,898,198	-	-	-
FNMA Discount total	1,997,400	1,997,400	-	-	-
FHLMC total	11,074,075	2,295,350	8,778,725	-	-
Treasury STRIP total	1,980,700	1,980,700	-	-	-
Grand total	<u>\$ 37,266,750</u>	<u>28,488,025</u>	<u>8,778,725</u>	<u>-</u>	<u>-</u>

<u>2005</u> Security Description	Current Market Value	Investment Maturities (in Years)			
		Less than One	1-2	3-5	More than Five
Federal Farm Credit total	\$ 2,691,576	\$ 2,691,576	\$ -	\$ -	\$ -
FHLB total	24,047,806	21,652,120	2,395,686	-	-
FHLB Discount total	3,014,111	3,014,111	-	-	-
FHLMC total	1,730,063	247,023	543,769	939,271	-
FHLMC Discount total	14,843,306	14,843,306	-	-	-
Treasury STRIP total	1,973,680	-	1,973,680	-	-
Grand total	<u>\$ 48,300,542</u>	<u>42,448,136</u>	<u>4,913,135</u>	<u>939,271</u>	<u>-</u>

Investments on the statement of net assets include certificates of deposit totaling \$8,621,334 and \$15,000,000 at June 30, 2006 and 2005, respectively.

*Authorized Investments* – The WRA appointed the City Treasurer of the City of Des Moines, Iowa as the WRA Treasurer. The investment policy of the WRA requires the funds to be invested in the same manner as funds of the City of Des Moines and to be invested under the City of Des Moines, Iowa’s investment policy. The WRA is authorized by state statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City of Des Moines, Iowa and the Treasurer of the State of Iowa; prime eligible bankers acceptances; commercial paper rated P-1 by Moody’s Commercial Paper Record and A-1 by Standard & Poor’s Corporation with a maturity of 270 days; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of drainage district.

DES MOINES METROPOLITAN  
WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

*Interest Rate Risk* – Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity to its fair value to changes in market interest rates. In accordance with the WRA’s investment policy, the WRA minimizes the interest rate risk of investments in the portfolio by structuring its investment portfolio so that investments mature to meet cash requirements for operations. The WRA investment policy defines operating funds as those funds that can be reasonably expended during a current budget year or within 15 months of receipt. Operating funds are limited to a maturity of 397 days. Non-operating funds are to be invested to coincide with the expected use of the funds. The WRA’s investment policy requires that non-operating funds not exceed a five year maturity.

*Credit Risk* – Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

As of June 30, 2006, the WRA’s investments were rated as follows:

<u>Security Description</u>	<u>Moody's</u>	<u>Standard &amp; Poor's</u>
Federal Home Loan Bank	Aaa	AAA
FHLB Discount	Aaa	AAA
Federal Home Loan Mortgage Corp.	Aaa	AA -
FHLMC Discount	Aaa	AA -

*Concentration of Credit Risk* – The WRA’s investment policy seeks diversification to reduce overall portfolio risk while attaining market rates of return to enable the WRA to meet all anticipated cash requirements. The policy limits investments in order to avoid over-concentration in securities of a specific issuer. No more than 10% of the investment portfolio may be invested in commercial paper and no more than 50% of the City of Des Moines investment portfolio is invested in securities of a single issuer. As of June 30, 2006, the WRA has invested 33% in FHLB, 27% in FNMA, 5% in FNMA Discount, 30% in FHLMC, and 5% in Treasury STRIP. As of June 30, 2005, the WRA has invested 6% in Federal Farm Credit, 50% FHLB, 6% in FHLB Discount, and 31% FHLMC Discount securities.

*Custodial Credit Risk* – Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Chapter 12c of the Code of Iowa requires all WRA funds be deposited into an approved depository and be either insured or collateralized. As of June 30, 2006 and 2005, the WRA’s deposits with financial institutions were entirely covered by the federal depository insurance or insured by the state through pooled collateral, state sinking funds and by the state’s ability to assess for lost funds. As of June 30, 2006 and 2005, the WRA’s investments were not exposed to custodial credit risk.

# DES MOINES METROPOLITAN WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

## **6. COMMITMENTS AND CONTINGENCIES**

*Construction Contracts* - The City of Des Moines, as Operating Contractor for the WRA, has signed WRA System construction contracts with remaining commitments of approximately \$15,906,400 and \$16,071,200 as of June 30, 2006 and 2005. Commitments on construction projects specifically identified in the bond statement will be funded by the proceeds of the 2004B bond issue.

*28E Agreements* - The WRA has entered into agreements with member communities to purchase sewers with future bond issue proceeds and approved commitments of approximately \$4,423,300 as of June 30, 2006.

*Litigation* - On August 15, 2006, the Iowa Environmental Protection Commission and Iowa Department of Natural Resources referred the WRA and the City of Des Moines, Iowa, to the Iowa Office of the Attorney General for an enforcement action. The referral seeks penalties and injunctive relief and indicates that Iowa Code Section 455B.191 authorizes the assessment of civil penalties of up to \$5,000 per day of violation for water quality violations. The likelihood of an outcome or any potential liability is not estimated. The City of Des Moines' Attorney reported that as of June 30, 2006, other various claims and lawsuits were on file against the WRA, and estimated that the potential settlements against the WRA not covered by insurance would not materially affect the financial position of the WRA.

## **7. RISK MANAGEMENT**

The WRA system is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions, and natural disasters. The WRA carries commercial insurance for general liability claims. Settled claims have not exceeded commercial coverage in the last three fiscal years.

## **8. RETIREMENT SYSTEM**

The WRA contributes to the Iowa Public Employees' Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits, which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Plan members are required to contribute 3.70% of their annual covered salary and the WRA is required to contribute 5.75% of annual payroll. Contribution requirements are established by State statute. The WRA's contribution to IPERS for the years ended June 30, 2006, 2005, and 2004 were \$281,700, \$270,500, and \$298,100, respectively, equal to the required contributions for each year.

## **9. AUTHORIZED BOND ISSUE**

On September 19, 2006, the WRA approved the authorization to issue sewer revenue bonds of approximately \$41 million.

DES MOINES METROPOLITAN  
WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

**10. POSTRETIREMENT HEALTH AND DENTAL CARE BENEFITS**

Retiree health and dental benefits are available to all full-time employees of the City of Des Moines who retire at the normal retirement age. The group health insurance plan provided to full-time City of Des Moines employees allows retirees to continue medical coverage if such election is made within 31 days subsequent to retirement. Retirees are required to reimburse the City of Des Moines for the entire cost of this coverage. At June 30, 2006 and 2005, the retirees covered under the City of Des Moines' group health plan are 187 and 620, respectively. Such benefits are accounted for on a cash basis.

**11. NEW PRONOUNCEMENTS**

The WRA implemented the following Governmental Accounting Standards Board (GASB) Statements:

GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*: This Statement requires governments to report the effects of capital asset impairment in their financial statements when it occurs and requires all governments to account for insurance recoveries in the same manner. This Statement had no effect to the WRA's financial statements.

GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation*: This Statement establishes and modifies requirements related to restrictions of net assets resulting from enabling legislation. This Statement had no effect to the WRA's financial statements.

GASB Statement No. 47, *Accounting for Termination benefits*: This Statement establishes accounting standards for termination benefits. In financial statements prepared on the accrual basis of accounting, employers should recognize a liability and expense for voluntary termination benefits (early retirement incentives) when the offer is accepted and the amount can be estimated. A liability for involuntary termination benefits (severance benefits) should be recognized when a plan of termination has been approved by those with the authority to commit the government to the plan, the plan has been communicated to the employees, and the amount can be estimated. This Statement had no effect to the WRA's financial statements.

The GASB has issued the following statements:

GASB Statement No. 43, *Financial Reporting for Post-employment Benefit Plans Other than Pension Plans*, issued April 2004, will be effective for the WRA beginning with its year ending June 30, 2007. This Statement establishes uniform financial reporting standards for other post-employment benefit plans (OPEB) and supercedes existing guidance.

GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Post-employment Benefits other than Pensions*, issued June 2004, will be effective for the WRA beginning with its year ending June 30, 2008. This Statement establishes standards for measurement, recognition and display of other post-employment benefits expenses and related liabilities or assets, note disclosures and, if applicable, required supplementary information in the financial reports.

DES MOINES METROPOLITAN  
WASTEWATER RECLAMATION AUTHORITY

FOR THE YEARS ENDED JUNE 30, 2006 and 2005

---

GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenue*, issued September 2006, will be effective for the WRA beginning with its year ending June 30, 2008. This statement establishes accounting and financial reporting standards for transactions in which a government receives, or is entitled to, resources in exchange for future cash flows generated by collecting specific receivables or specific future revenues. It also provides disclosure requirements for a government that pledges or commits future cash flows from a specific revenue source. In addition this Statement establishes accounting and financial reporting standards for intra-entity transfers of assets and future revenues.

The WRA's management has not yet determined the effect these statements will have on the WRA's financial statements.

**Schedule of Expenditures of Federal Awards**

Federal Grantor, Program Title, Project/Grant Number, and Program Year	Federal Program Number	Total Expenditures
<b>U.S. Environmental Protection Agency/ Passed through the Iowa Department of Natural Resources:</b>		
State Revolving Fund Loan Program Contract Number: CS192001-07	66.458	<u>\$ 1,739,760</u>

See Notes to the Schedule of Expenditures of Federal Awards.

**Notes to the Schedule of Expenditures of Federal Awards**

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the WRA for the year ended June 30, 2006. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments and Nonprofit Organizations.

Note 2. Significant Accounting Policies

Revenue from federal awards is recognized when the WRA has done everything necessary to establish its right to revenue and revenue is available. Expenditures of federal awards are recognized in the accounting period when the liability is incurred and approved for reimbursement.

## Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Participating Communities  
Des Moines Metropolitan Wastewater Reclamation Authority  
Des Moines, Iowa

We have audited the financial statements of Des Moines Metropolitan Wastewater Reclamation Authority (WRA) as of and for the year ended June 30, 2006, and have issued our report thereon dated October 27, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered WRA's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether WRA's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and the Board and is not intended to be and should not be used by anyone other than those specified parties.

## Independent Auditor's Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

To the Board of Participating Communities  
Des Moines Metropolitan Wastewater Reclamation Authority  
Des Moines, Iowa

### Compliance

We have audited the compliance of Des Moines Metropolitan Wastewater Reclamation Authority (WRA) with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2006. WRA's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to the major federal program is the responsibility of WRA's management. Our responsibility is to express an opinion on WRA's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about WRA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on WRA's compliance with those requirements.

In our opinion, WRA complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2006.

### Internal Control Over Compliance

The management of WRA is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered WRA's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of management and the Board and is not intended to be and should not be used by anyone other than those specified parties.
